

Skyhawks Sports Academy 2020 Protocol Levels and Policies in Response to COVID-19

Based on state and local guidelines, Skyhawks summer camp programs will operate under level 3 protocols in Connecticut. Listed policies and procedures will be implemented in all regions. As local guidelines on social distancing, gathering size limits and youth activities change, the protocol level in an area may change accordingly. The Skyhawks team will strive to make the best decisions based on the unique conditions and guidelines in each community we serve.

Connecticut 2020 Program Policies in Response to COVID-19

**These policies should be practiced at all 2020 programs with adjustments based on state and local guidelines*

- 1.** Skyhawks will closely follow and monitor all CDC guidelines related to youth-specific activities and sports/camp-related policies.
- 2.** Skyhawks program staff, participants and any family members must not be or have been sick within the past 14-days. Any staff member or participant who does not comply will not be allowed at programs until the 14-day minimum has been reached.
- 3.** All staff and children are required to be screened for any observable illness, including cough or respiratory distress, and to confirm temperature below 100 degrees Fahrenheit. Screening includes assessing health by taking temperature.
- 4.** Parents will be asked to take their child's temperature upon arrival. Staff or children who have a temperature greater than 100 degrees are not permitted into the program.
- 5.** Staff must always use a face covering for the duration of the program.
- 6.** No contact check-in/check-out – Parents will check in their child from 6-feet away verbally acknowledging child's name for attendance purposes stating any special notes regarding allergies, approved pick-up contacts, health concerns, etc.
- 7.** Face touching – Skyhawks staff will remind participants throughout each session not to touch their face, mouth or eyes. Participants will also be reminded to cover all coughs and sneezes with their elbow crease/forearm.
- 8.** Equipment – All equipment will be sanitized after each camp session and during sessions as needed.
- 9.** Peer and coach interaction – High fives, fist bumps, hugs and other peer-to-peer/coach-to-peer contact not allowed.
- 10.** At-Risk Groups – Persons who are older, pregnant, or who have underlying health conditions, including those with compromised immune systems or respiratory conditions like severe asthma, are at higher risk to develop complications from COVID-19. These individuals should not drop-off/pick-up participants, participate in programs or instruct programs.
